

2024 State-Funded Waitlist Implementation Q&A

Provider Question	ANSWER
Where Can I find a list of state-funded services?	https://www.alliancehealthplan.org/providers/auth/billing-and-claims/information/ . Select non-Medicaid rates FY24 (state-funded services).
What if I don't have any state-funded services in my contract?	You do not have to submit state-funded waitlist data.
What if I have state-funded services in my contract, but I don't have a waitlist for state-funded services?	You will need to submit your data sheet on the 15 th of each month. These data sheets may be blank and in your email to callcenter@alliancehealthplan.org they may simply state "No waitlist at this time."
What If I have state-funded services in my contract and I never received a data sheet from Alliance.	State-funded waitlist data sheets were sent to providers on January 31, 2024. If you have state-funded services in your contract and you did not receive a data sheet, please e-mail callcenter@alliancehealthplan.org .
Is the intent of the state to capture people waiting for services or waiting for state-funded services? In other words, if someone is waiting on b3/1915i because of staffing, and for whatever reason is not on the RUN, is this someone they want to capture? Or pure IPRS?	It is Alliance's understanding that DHHS Division of MH/DD/SUS' goal is to capture data for individuals waiting for services/programs funded with their division dollars. This funding is sometimes call IPRS or state fund service. 1915 (b)(3) / 1915 (i) services are funded by Medicaid. Therefore, data for Medicaid funded services <u>should not</u> be included in your state-funded waitlist.
Question	ANSWER
I am an ADVP provider- Do I need to submit state-funded waitlist data?	Yes, please submit monthly data for any individuals awaiting your state-funded services. An example of codes that might be in your specific programs contract that you should report on your state-funded waitlist include: YA389 Long Term Vocational Support YA390 Supported Employment – Individual YM120 Transitions to Community Living YM645 Long Term Vocational Support *Please <u>do not</u> submit data for any individuals awaiting Medicaid Funded Services.

Would patients in the hospital, needing PRTF beds, go on the waitlist?	No – PRTFS are funded by Medicaid.
I am a PRTF provider. Do I need to submit waitlist data?	No – PRTFS are funded by Medicaid.
What do providers do about people who have been on their waitlist for years and the provider doesn't have any data as far as exact date they were put on our waitlist?	Please provide an approximate date.
Should providers include the individuals who already used all their IPRS units but would want to continue with services	<p>In this scenario, the member has been authorized for state-funded services.</p> <p>Therefore, at this time Alliance is recommending that individuals who have already been authorized for IPRS services, not be placed on a provider state-funded waitlist.</p>
Question	ANSWER
What if they already have state funds, but we need to hire a staff member before bringing them on?	In this scenario, the member has been authorized for state-funded services. Therefore, at this time Alliance is recommending that individuals who have been authorized for IPRS services not be placed on a provider state-funded waitlist.
Is this waitlist to include those waiting for funding or just those who are approved for state-funded services but not yet engaged in service?	<p>It is Alliance's understanding that DHHS Division of MH/DD/SUS' goal is to capture data for individuals waiting for services/programs funded with their division dollars.</p> <p>If a provider has an individual eligible for state-funded services but not yet able to receive those services at the time of request, the member should be added to the provider's state-funded waitlist.</p> <p>This funding is sometime call IPRS or state-fund service.</p> <p>1915 (b)(3) / 1915 (i) Services are funded by Medicaid.</p> <p>Please Note: Data for Medicaid-funded services <u>should not</u> be included in your state-funded waitlist.</p>
Is this applicable to individuals that have been scheduled for assessment and will get help applying for state funds, but that has not yet happened?	Individuals on the state-funded waitlist should have been deemed eligible for state-funds.

If individuals are receiving a service like therapy or medication management at our organization, however they need a higher level like CST (CST has a waitlist) which is also offered internally, do we include them since they are technically active?	Yes.
Our behavioral health service list is kept separately than our residential waiting list, Is it OK to submit two separate forms for one agency--one for residential and the other for behavioral health?	Yes, if keeping two separate data sheets works for your agency.
Were all LME/MCOs being asked to collect this type of data?	Yes, it is Alliance's understanding that DHHS Division of MH/DD/SUS' goal is to capture data for individuals waiting for services/programs funded with their division dollars statewide. This funding is sometime call IPRS or state-fund service.
Where Can I find a copy of Alliance's state-funded waitlist PPT?	https://www.alliancehealthplan.org/providers/network/support/learning-presentations/.
Where Can I find a copy of Alliance's state-sssssssssfunded waitlist presentation recording?	https://www.youtube.com/watch?v=6FTloGUS1iE&feature=youtu.be.
Does the agency still need to complete the state funds eligibility form to see if they are eligible for the state-funded services?	Yes
