1. CALL TO ORDER  
Chairperson, Lascel Webley, Jr. called the meeting to order at 4:33 pm.
2. **OATHS OF OFFICE**  
V. Michelle Parker-Evans, Clerk to the Durham Board of Commissioners, administered Oaths of Office to the present members of the Alliance Behavioral Healthcare Area Board.

3. **ANNOUNCEMENTS**  
Secretary Delia stated that today was an exciting day for the new Area Board; he knows that the path for Alliance Behavioral Healthcare Area Board and staff has been an arduous one moving forward. Ellen Holliman has done a terrific job in guiding the Board and it is a model Board for the State. It will be the largest Managed Care Organization (MCO) in the state; the MCO will be expected to provide better access to its consumers and better care at the local level. As the MCO makes its transition it will be exciting, however it will not be without challenge and we should know that the Department of HHS will be there to provide guidance and support.

He also stated there is a critical need to do things differently – specifically communications. Secretary Delia commented that the State has not been strategic in its communications. And as millions of lives are changed daily, the MCOs must work together to have strategic communications in place to share with consumers, county commissioners, and other public stakeholders.

There were no questions for Secretary Delia.

Ellen Holliman stated that she and Mike Ruffin recently met with Senator Hartsell to express concerns about board governance. Ms. Holliman expressed that county commissioners must have the option to have a board structure that fulfills the local area needs.

There were no other announcements.

4. **AGENDA ADJUSTMENTS**

Don will continue to present policies to the Board through the end of June 2012.
